

**West Cork
Counselling
& Support
Services**

Compassionate Conversations

West Cork Counselling and Support Service has served the people of West Cork for **twenty years**: Now we ask for the people of West Cork and beyond to:

SAVE OUR SERVICE.

Due to the lack of sufficient core funding, West Cork Counselling and Support Services (WCCSS) regrets that for the first time ever - it is **under threat of closure**.

At a time when Mental Health Services are so much in demand WCCSS seeks your support to save a much needed and valued service. There is no other service like this in West Cork - **action is needed**.

What to do? **Contact your local councillors and TD'S** to say '*This HSE Section 39 funded organisation is at imminent risk!*'

For a draft message and list of West Cork counsellors and TD's visit **wccss.com** or call **023 8856852** for further information.
